DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a masonry building, laid on flemish bond. It is three stories high and three bays wide. The first story has been altered into a store front. On the left of the facade are paneled wooden double doors inside a vestibule, the entrance to which is flat-arched and moulded. To the right of the doors is a two bay-wide store window composed of two sheets of glass. These are set in a moulded flat-arched fram of wood.

Windows of the upper stories are double hung one-over-one with stone sills and splayed brick lintels. There is a metal gutter across the front where the facade meets the pitched roof. There is a chimney on the extreme right of the roof.
